Today, we honor all veterans across every branch of the military for their selfless service and dedication. Your sacrifices and commitment are the foundation of our freedom.

We also extend our gratitude to the families who support our veterans—your sacrifices often go unrecognized, but they are deeply valued.

A special acknowledgment to our own team members who have served. Your contributions both in and out of uniform are truly appreciated.

Hard work, grit, determination. That's how Don Wenner achieved great things at such a young age. At the age of 24, he started DLP Realty and today, just 12 years later, he has closed more than 15,000 real estate transactions totaling more than $4 billion. Along with his team members at DLP Real Estate Capital, he has created a blueprint that torpedoed his success and you can too. Thank you Forbes, for including Don on this incredible list of authors. We at DLP are proud of our leader!

March 2020 marked the beginning of shutdowns, stay-at-home orders, COVID cases on the rise, and the need for food donations increased to an all-time high. The DLP Positive Returns Foundation collected food donations and shopped, then transported the items to 3 different locations, assisting in and providing for the needs of individuals and families. We donated to; the Homeless Coalition of St. Johns located in St. Augustine, FL, the Food Pantry located in Eston, PA, and Catholic Charities in Lehigh Valley, PA. During this unprecedented time, DLP team members along - with the Foundation, were grateful for this opportunity to help out in our communities.
